What Will I See

Day 1 Highlights

**MEDICAL FAIR ASIA & MEDICAL MANUFACTURING ASIA 2018 continues with an end-to-end showcase of the latest healthcare and MedTech innovations.**

[Throngs of visitors arriving at MEDICAL FAIR ASIA & MEDICAL MANUFACTURING ASIA 2018]

**Day 2 – 30 August** The second day of MEDICAL FAIR ASIA and MEDICAL MANUFACTURING ASIA 2018 greeted industry professionals from hospitals, medical centres, nursing homes, industry associations to educational institutions, amongst many others, from around the region, with a value-added line-up by the largest staging yet of **1,220 exhibitors from 62 countries, including 23 national pavilions and groups.**

Latest innovations in medical, healthcare and MedTech were introduced through live product demonstrations, as business negotiations and networks were forged at Asia's

leading exhibitions of its kind. These were also complemented by concurrently-held conferences and seminars on topical subjects in the medical, healthcare and MedTech scene led by industry experts.

## Exciting highlights from the show floor

## Hear from our visitors

*"This is my first visit to MEDICAL FAIR ASIA and I am particularly impressed by the Start-Up Park concept, alongside the Future 4 Health (FTR4H) Digital Health Lounge. As a venture capitalist, I was able to listen in to product pitches on technological innovations, as well as on the latest digital health solutions in a single, face-to-face setting. Against an ageing population, it is important to create a connected healthcare ecosystem, and I am excited to extend my discussions with JAGA-ME – a local start-up providing on-demand home nursing whom I met at the exhibition."*

**Dr Anand Govindaluri**  
**Managing Director & CEO**  
**Govin Capital Pte Ltd**

*"We manufacture hospital beds, so I'm here looking for parts. I find that there are a lot of interesting products in the exhibition that can help to value-add to my company."*

**Tindjaja Soeradji**  
**Abacus Kencana Industries PT.**
